Saratoga County Insider

Your monthly snapshot of the economic health of our Saratoga County community!

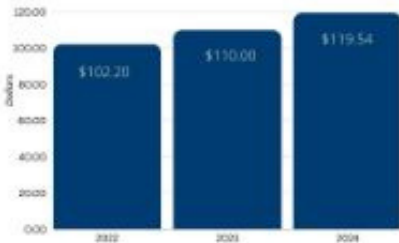

Saratoga County saw positive trends this summer, with hotel revenue per available room (RevPAR) on the rise, influenced by a surge due to the Belmont Stakes Festival. Sales tax collections increased by 8.1% in Saratoga Springs and 3.7% across the county. Meanwhile, the median home price in the county grew 7% to \$435,000. Unemployment in the county increased to 3,900 residents, pushing the unemployment rate to 3.2% amid a shrinking labor force.

Saratoga County lodging properties saw uptick in RevPAR this summer

Revenue per available room for Saratoga County hotels through August of 2024 was \$119.54, up 8.7 percent from the \$110.00 RevPAR recorded in the same time in 2023. Through the first eight months of 2024, hotel occupancy in Saratoga County is up 3.9 percent and the average daily rate is up 4.6%. Of special note is that RevPAR was up 19.2 percent in June, 5.3 percent in July, and 1.4 percent in August. This indicates that the month of June - when the Belmont Stakes Festival took place over four days - had a very positive impact on our lodging operations across Saratoga County.
